

*Are you*

# DEPRESSED?

Are you having any or all of the following symptoms:

- insomnia
- hopelessness
- crying spells
- loss of interest
- guilt/worthlessness
- isolation
- change in appetite
- fatigue
- poor concentration
- sluggishness

If so, you qualify for a research study of an investigational medication that Dr. Harry Croft is conducting.

All study related procedures are of no cost to you. Financial compensation may be available for time and travel.
